TO FOSTER COMMUNITY SPIRIT OF LAWYERS

FOREWORD BY PRESIDENT

Dear Friends,

It is a great honor to be the president of the European Association of Lawyers, the first European organization for individual lawyers, created in 1986. Last year we celebrated 30th anniversary of our Association. I am looking forward to close involvement of all members in the work of our Association to make its activities most useful for us and for lawyers of those countries who have been still fighting for full respect for European standards of our profession.

The AEA-EAL is well-known of promoting European law and EU policies. Each year we organize conferences and seminars being met with

interest of lawyers in countries, where such events take place. We will continue these activities also in new jurisdictions. Our next event will be held on September 7-9, 2017 in Olsztyn, Poland, in the heart of the beautiful Mazury region, which is known as "The land of thousand lakes". Together with the Olsztyn Bar Association we organize a seminar on data protection, the topic which nowadays is very lively discussed in the legal environment. [Here you can register for our event.](#) I invite you all to join us in Olsztyn!

With my best regards,

Maria Ślżak
President

Successful congress in Barcelona

On June 16, 2017 the AEA-EAL conference on the new European Regulation about cross-border insolvencies and the forthcoming Proposal for a Directive on preventive restructuring frameworks and Fresh Start opportunities was held in Barcelona. New legal instruments are major steps towards uniformed insolvency regulation in European Union. More information is available [here](#).

Georgian Bar applies for membership

Mr. Zaza Khatiashvili, Chairman of the Georgian Bar Association (GBA) send a letter to AEA-EAL President and Secretary General applying for membership of the GBA in the AEA-EAL. GBA associates more than 3.600 Georgian lawyers and cooperates strongly with Council of Europe in framework of programmes on strengthening rule of law in Georgia.

INVITATION TO OLSZTYN

The conference seeks to introduce its participants to EU General Data Protection Regulation (GDPR) and the practical aspects of its implementation. We also focus on cross-border issues related to data processing, including use and storage of data outside the EU, including such jurisdiction as China. We also will consider impact the GDPR has on citizens' rights, the right to the court in particular. From lawyers' perspective, important problems on professional secrecy will be discussed. We will also provide information from practitioners and IT and cyber security specialists.

The dedicated website of the conference:

Greetings from Katarzyna Skrodzka-Sadowska Dean of the Olsztyn Bar Association

Dear Colleagues, Dear Friends,

On May 25, 2018 the EU General Regulation on Data Protection will enter into force. From that day all entities participating in business trading must be ready to use these new regulations. One may think, that there is plenty of time for implementation of new provisions, however changes needed to be introduced by companies are serious and we need to start their implementation now.

Therefore, Olsztyn Bar Association, together with the European Association of Lawyers (AEA-EAL) are organizing a conference on "Practical aspects of the EU regulation 2016/679 concerning the protection of personal data. How lawyers should be prepared?".

How to prepare legally for implementation of new regulations? How implement systems protecting from advanced and directed cyber-attacks, which cannot be blocked with traditional methods? You will find answers from specialists - speakers on our conference.

See you soon in Olsztyn!

Katarzyna Skrodzka - Sadowska
Dean of the Olsztyn Bar Association

**Letter from prof. Sara Chandler
President of the Federation
of the European Bars (FBE)**

Dear Colleagues,

Europe is facing considerable challenges at this time, and it is important that we build and strengthen our organisations and institutions. As a fellow organisation to the AEA/EAL the European Bars Federation (FBE) greets you and wishes you a successful conference. We stand together in facing challenges to the legal profession, the administration of justice and the rule of law.

I highlight three major challenges in which the FBE is engaged at present: the independence of judges and lawyers, particularly in Poland and Turkey; the human rights of refugees and immigrants and the threats to the planet from climate change. What can we do as lawyers, as practitioners serving our clients? These are not remote issues, they may impact on our legal practice without our recognition. We can become more aware through our international organisations. We can participate in the valuable training and capacity building programmes that our organisations offer, we can network with our colleagues from other jurisdictions, and we can share with colleagues the insights we gain from activity at the international level.

Participation in European wide conferences is an expression of the leadership of the international legal community, of which you are part. As a fellow organisation, the FBE salutes the AEA/EAL and looks forward to our future cooperation and support for each other as European lawyers. May your conference bring you all that you wish and expect and that you meet new colleagues and make new friends in the beautiful surroundings of the city of Olsztyn.

Yours sincerely,

Sara Chandler

Professor Sara Chandler QC (Hon), President of the Federation of European Bars

Article 29 Working Party GDPR Implementation Guidance

The Article 29 Working Party (**WP29**) issued guidelines and FAQs on the provisions in the General Data Protection Regulation (the **GDPR**) relating to data portability ([Guidelines / FAQs](#)), data protection officers ([Guidelines / FAQs](#)), and the lead supervisory authority ([Guidelines / FAQs](#)). WP29 also published comments on these guidelines. Several key points are highlighted in those Guidelines, such as language knowledge requirements for data protection officers (DPO), problems related to potential conflict of interests of DPO, data portability rights, application the "one-stop-shop" principle to cross border processing only or issues of indicating the location of "main establishment" of cross border processing activities.

INTERVENTION IN POLAND

- termination of the mandates of the National Council's members;
- appointment of the judicial members of the National Council by Parliament
- establishment of two assemblies within the National Council of Judiciary (the first one formed by the 15 judges appointed by Parliament and the second one including six members from the Polish Parliament, the Minister of Justice, a representative of the Head of State, the President of the Supreme Court and the President of the Highest Administrative Court), allied with a requirement that any resolution by the Judges' Council has to be adopted by both assemblies sitting separately.

The second law approved by Parliament gives the Minister

EUROPEAN & NATIONAL

Highlight: brexit. state of play

Michel Barnier, the European Commission's chief negotiator for the Brexit negotiations with the UK, held a press conference on 12 July 2017, outlining the state-of-play of the Brexit negotiations so far.

The first phase of the negotiations deals with citizens' rights, the single financial settlement, the new borders, in particular in Ireland, and other separation issues, such as Euratom and the treatment of goods placed on the market before Brexit day. Mr. Barnier emphasised that the EU had published nine position papers on these issues so far and called on the UK to clarify its position, in order to make progress in the negotiations, as time was short.

Member of the Board profile

Monique Stengel has been President of the AEA-EAL 3 years from 2014 to 2017 and was before General Secretary since 1999. During her Presidency, the 30th Anniversary of the Association has been celebrated in Paris in 2016. In the same time, the relations of the Association with different European Bars as with the FBE-EFB could be developed. In April 2017 Monique Stengel represented the AEA-EAL by the congress organized by the Wroclaw Bar together with FBE-EFB on the topic of "E-justice in Europe. She had the opportunity to participate to different projects of the European Commission in Kazakhstan, Algeria, Tunisia where she was speaker as representative of the AEA-EAL.

News from Members

• **Jean-Pierre Van Cutsem** was a speaker on a conference „States and International Arbitration“, organized in Tashkent, Uzbekistan, in the framework of EU Rule of Law Initiative for Central Asia. The objective of the Tashkent seminar was to provide information and training to the civil servants and executives of public companies concerned with international arbitration, and to convey a meeting of the working group on international arbitration which can progress in its definition of a concept of international investment court. The participants of the seminar were also policy-makers and professionals susceptible to represent their country in international arbitration proceedings. Jean-Pierre van Cutsem, AEA-EAL past president (2000-2001) and member of the Board of Directors of EAL,

was in charge to explain the Multilateral Investment Court System, which is a new system of arbitration proposed by the EU Commission in the Multilateral Investment Treaty with third countries.
